NOTE FOR NIOs

SUBJECT: DCI Worldwide Briefing

1. Subject briefing for the Senate Arms Services Committee, previously postponed, has been rescheduled for Thursday, 6 March at 1400.

2. We are ascertaining from the DCI whether he wants to use the format followed earlier this week with the SSCI and the SBC, revert to that used earlier with the HASC and HAC, or something different.

3. His decision will be relayed as soon as known. In the interim we will plan on the same individuals going along as backup as went to the SSCI and SBC.
